

## 3,000 FORD CARS PRODUCED A DAY

### 35 Branch Managers of Ford Company Held a Convention In Detroit.

Mr. J. S. Keown, manager of the Louisville Branch of the Ford Motor Company, has just returned from the Ford Branch Managers Convention held at the factory in Detroit, where 35 Branch Managers from all the assembly and service branches throughout the United States and the 8 branch managers of the Ford Motor Company have been in session for the last ten days.

The fiscal year of the Ford Motor Company ends July 31st, and this convention, preceding an anticipated twelve months of unequalled production and demand for Ford cars, is of exceptional importance to the Ford Motor Company and to the automobile industry as a whole since 28 Ford assembling plants were represented where the combined present production is 3,000 cars a day and which have over 9,000 employees.

The manufacturing effort of the company for the first six months of the present year was concentrated almost entirely upon the output of war materials, and it was not until March, 1919, that the production of Ford cars and Ford parts began to assume normal proportions. At the present time output is averaging about 3,000 cars a day, and production for the year ending July 31, 1919, will be over 525,000 cars.

The production of 3,000 Ford cars a day has necessitated the development of departments at branch assembly plants and the Ford dealers organization to a point where many of these plants are assembling for the demands of the particular territories they serve an output of cars greater than the production of the average automobile factory.

In the convention particular attention was given to the question of the production efforts which are being made to meet the demand for Ford cars throughout the world, and an estimated output of approximately 1,000,000 cars was announced for next year. Further attention was given to that part of Ford service to Ford owners which aims to place stocks of Genuine Ford parts within convenient access of Ford owners everywhere through regular Ford dealers and garages.

### BANDITS CAPTURED WITH ALL THEIR LOOT.

The two bandits who robbed the South Carrollton bank last Monday, were captured with all their loot except \$400 in cash, Thursday afternoon at Olmstead, a village near Russellville. Their names are Withers and Armstrong, and when arrested by three deputy sheriffs from Russellville the two men made no resistance and gave up their money consisting of \$20,850 in bonds and \$4,461 in cash.

The prisoners were taken to Greenville, Friday and lodged in jail with John Wells, the eighteen year old boy whom they induced to go with them.

### Suffered 3 Years with Rheumatism, Catarrh and Stomach Trouble, Since Taking No 40 feels fine

Gary, Ind., April 25, 1919. "I suffered for over three years with chronic rheumatism, catarrh, constipation, stomach trouble, bad blood, nervous spells, aching limbs, so I could not sleep. Saw an advertisement in the daily paper about Mendenhall's Number 40 For The Blood. Thought I would give it a trial. Although I was discouraged, as I had doctored with a number of physicians and tried numerous medicines without receiving any benefit. I have taken but two bottles of Number 40. Can eat anything I want without fear and am not near so nervous and am feeling fine. I am now starting on my third bottle. Mrs. Gostine Rainey, 2270 Jefferson St." No 40 is demanded in poisoning, gouty conditions, malnutrition, auto-toxication, constipation, liver and stomach troubles. Believed to remove and prevent gall stones, appendicitis. Successfully used in eczema and skin diseases. Used with phenomenal success in chronic rheumatism, catarrh, lumbago, myalgia (pain in the muscles, muscular rheumatism or neuralgia) glandular swellings, scrofula, mercurial and lead poisoning, abscesses, sores, ulcers, boils and carbuncles.

## MANY REASONS WHY NATIONS DESIRE HOUSEHOLD THRIFT

Household thrift helped win the war. It will fortify the peace, making America powerful, its people prosperous, and its homes happy.

Thrift is steady earning, wise spending, sane saving, careful investing, and the avoidance of all waste.

What the members of one family produce in outside industry and in the home adds to the national product or "wealth heap" of food, clothing, and all desirable goods; this national wealth heap is divided among us all, and out of it every family, each one of us, gets his living.

What one home wastes is taken away from the Nation's wealth, and makes all homes that much poorer. The war taught us to practice thrift together in food, in clothing, and in all goods, in order to serve America and save the world. Our country asks continued thrift in the home as a guarantee that we shall remain a prosperous, progressive, independent, and dependable Nation.

By thrift every household can take its part gladly in every Government loan; by investing in Government securities it can safeguard its future, and increase its income so as to fulfill the American ideal of personal independence and constant progress toward better living.

Thrift is a permanent service which the household can render to the Nation.

### WAYS TO FRESHEN SILK

Silk may be treated in much the same way as woolsens; send for Thrift Leaflet No. 3 for directions.

**Ribbons.**—Spread the ribbon flat on a smooth, hard surface like a table top or a marble slab and sponge or brush with lukewarm water in which a little mild soap has been dissolved. Rinse by holding the ribbon stretched between the hands and passing it through a bowl of clear water of the same temperature. Dry by spreading it out straight and flat on a smooth, hard surface. Draw the hand gently over it to press out air bubbles which may have formed under the ribbon and would make it look "blistered" when dry.

**"Why I Put Up With Rats for Years,"**  
Writes N. Windsor, Farmer.

"Years ago I bought some rat poison, which nearly killed our fine watch dog. It so scared us that we suffered a long time with rats until my neighbor told me about RAT-SNAP. That's the sure rat killer and a safe one." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by E. A. Hardesty, Stephensport; Conrad Payne & Co., Cloverport; B. F. Beard, Hardinsburg.

## PROCLAIMS EDUCATIONAL WEEK

Kentucky is engaged in a great campaign to wipe out illiteracy, a campaign which is led by the teachers and supported by every right thinking, patriotic citizen of the state. While redeeming our adult illiterates we must also see to it that our children are kept in school and thus prevent illiterates from coming off in the future. The noble teachers who are striving to accomplish these two important things for our state are doing a work so constructive, so heroic and so commendable that all must see the justice in taking immediate steps toward increasing the salaries of these teachers. Better salaries are due them and better salaries they must have if we hold them in the ranks and keep our schools on a high plane of efficiency.

The Kentucky Illiteracy Commission and the County School Superintendents of Kentucky have blended these three paramount educational problems and will present them for the consideration of the whole people of Kentucky during the week of August 25-30. During this week a statewide Educational Campaign will be waged and these problems will be carried by earnest and patriotic speakers to the people of every county and every school district in the state. Such a campaign will cause our people to stop and consider the illiterate in his darkness and his bondage, to consider the sin of keeping a child out of school and the unfairness of paying the teachers of this Commonwealth less than a living wage as they have never reflected upon these things before. It will not only cause the citizens of Kentucky to think and reflect over the seriousness of these problems but will be followed, I believe, by prompt and decided action on the three things which I desire to reiterate:

Wiping out illiteracy.  
Increasing daily school attendance.  
Bettering teachers' salaries.

I, therefore, proclaim the week of August 25-30 as educational week in Kentucky and I call upon all school officials, every teacher and every citizen to devote their whole time during this period toward arousing a burning interest in these subjects among the people of their localities. I recommend that all gatherings or occasions in conflict with this State-wide educational campaign be postponed and that all who are devoted to other interests abandon them for the time that such an impetus may be given to these great educational problems as will lead to their wise and speedy solution.  
(Signed)  
James D. Black, Governor.

## O'BORO FAIR HAS FINE PROSPECTS

For Being More Successful  
Than Ever. Nearly \$7,000 To  
Be Given In Premiums.

Owensboro, Ky., Aug. 18.—Prospects were never brighter and conditions never more favorable for a successful fair than this year in Owensboro. Believing that the people of the Green River section of Kentucky will patronize a clean, first-class exhibition, the managers of the fair, George M. Bales, sheriff of Daviess county; and James M. Pendleton, managing editor of the Owensboro Messenger, have provided one of the greatest programs ever offered at a county fair in the South.

The dates of the fair this year are Sept. 1-6 inclusive. It will start on Monday, Sept. 1, Labor Day, and continue for six days—six days of everything that goes to make a successful fair. The Tobacco Derby on Labor Day for a purse of \$600, given by the Owensboro Tobacco Warehouse Co., is the largest purse ever offered for a race in Western Kentucky, and the race promises to be one of the best ever run in Kentucky. There will be two \$500 stake harness races during the week that will get the cream of the harness horses on the way to the State Fair in Louisville.

A department that has received more attention than any other is that of the farm products and livestock. The T. J. Turley Company, of Owensboro, is offering more than \$1,000 in this department. Premiums of \$100 are offered on tobacco and \$100 on tomatoes.

The Democratic and Republican candidates for governor will be invited to attend the fair and address the crowds during the week.

The first automobile show ever held in Owensboro will be at the Daviess County Fair and Exposition. A tent 60 by 120 feet will be used for the exhibition of the automobiles, tractors and trucks. This will be in addition to the Floral Hall displays.

The Devonia Automobile Flower Parade on Tuesday, Sept. 2, will be one of the most beautiful pageants ever held in Kentucky. The Devonia Mineral Springs Co., of Owensboro, is giving \$250 in prizes for the winners of the Flower parade.

A contract has been closed with the L. J. Heth shows to furnish the attractions of the midway. This assures the greatest attraction ever seen at a fair in Western Kentucky. The Heth shows are carried on a special train of twenty cars. The Night Carnival will be a special feature of the fair.

Nearly \$7,000 in premiums and purses will be given during the week. The racing program alone calls for more than \$4,000. There will be motorcycle and automobile racing that will thrill and delight the crowds. Special rates will be given on all railroads and the boat lines.

### HOW TO WASH CORDUROY.

Corduroy is a kind of cotton velvet which may be washed providing it is not rubbed, squeezed or ironed. If it is made up at home, stitched the seams with a loose stitch to prevent puckering when washed. Before laundering babies' coats or other lined garments loosen the lining at the bottom to avoid bagging. Use a solution of mild soap, or for dark colors which may streak or fade a solution of soap bark. Soak the garment up and down in a soapy water, changing the water as it becomes soiled. Rinse in several clear waters until no more dirt and soap come out. Hang the garment up dripping wet and so that it will dry in the shape in which it is worn. Dry in the wind if possible. Whendry brush briskly to raise the nap.

### WAYS TO FRESHEN VELVET.

Velvets get defaced by having the pile or nap crushed. It can often be raised again by careful steaming. Lay a wet cloth over the back of the velvet, lift the two together, and pass them over an inverted hot iron, holding the wet cloth next the iron; or hold the velvet stretched over the steam from a vessel of hot water or a steam spreader on the spout of a teakettle, with the back of the velvet toward the steam.

Dust may be removed from velvet by brushing, then sponging carefully and steaming.
